Celeris just flagged my account. Did you use my phone yesterday?
8:41 AM
Yeah, I used it for a little while. I didn't know it would cause a problem.
8:43 AM
What did you use?
8:44 AM
I was looking at the delivery app. I thought it was already open.
8:46 AM
You can't use my driver account. That's my account.
8:47 AM
I know. I wasn't trying to take your account or anything.
8:49 AM
Did you do the face check?
8:50 AM
I think so. It came up when I opened it.
8:52 AM
Why didn't you tell me?
8:53 AM
I didn't think it mattered. I thought you knew I was using the phone.
