C. DELIVERY CONFIRMATION

Delivery Reference: SWF-884217

Delivery Date: February 9, 2026

Delivery Status: Delivered

Carrier records indicate delivery to the Henderson facility on February 9, 2026. The carrier record confirms delivery of the shipment but does not independently determine the quantity ultimately accepted into Monterrey's inventory.

Receiver: Marcus Lee, Receiving Clerk, Monterrey Fleet Solutions

D. RECORD RETENTION / RECONCILIATION NOTE

The supplier shipment record and customer receiving report are maintained as separate contemporaneous business records. Any discrepancy between shipment quantity and received quantity should be evaluated together with return records, subsequent correspondence, inventory records, and other available transaction records.

This exhibit does not itself determine whether a shortage occurred in transit, whether any Products were subsequently returned, or whether a credit is ultimately owed. Those matters are addressed by the applicable Purchase Order, the Supply & Services Agreement, and other transaction records.
