Hi Sofia,

AP is reviewing invoice VP-INV-260210 against PO MFS-PO-260201.

We noticed the invoice total is $29,500.00, while the accepted PO total is $29,000.00. The additional $500.00 is shown as an expedited delivery / handling charge. Please confirm the basis for that charge and where it was authorized.

We also received 96 of the 100 Fleet Oil Filter Assemblies listed on the PO. Please confirm whether a credit will be issued for the four-unit shortage.

We can process the undisputed amount once these items are clarified.

Thanks,
Elena
