Requested delivery date	February 9, 2026	Customer PO / delivery request	Scheduled	Shipment was arranged to meet the requested date.
Service level	Priority / time-sensitive	Logistics dispatch entry	Used	Priority handling was selected for the requested delivery timing.
Pickup date	February 8, 2026	Carrier tender	Completed	Shipment released to Sierra West Freight Services.
Delivery date	February 9, 2026	Carrier delivery record	Completed	Carrier record confirms delivery in Henderson.
Additional charge authorization	None attached	Shipment file review	Not located	No separate written customer authorization appears in this shipment file.

QUANTITY / CONTENT RECORD

The shipment file records 195 units/sets tendered for the order: 40 brake pad sets, 100 oil filter assemblies, 30 hydraulic hose assemblies, 15 alternator assemblies, and 10 wheel hub assemblies. The receiving count is addressed separately in C-4 and R-1.

CHARGE / AUTHORIZATION NOTE

The dispatch record reflects priority handling associated with the requested February 9 timing, but this exhibit does not establish that Monterrey separately agreed to a $500 charge. The shipment file contains no separate written authorization for that amount.
