MONTERREY FLEET SOLUTIONS, LLC

Accounts Payable / Operations

FINAL RECONCILIATION WORKSHEET

Record No.: MFS-AP-260306-FRW

Prepared: March 9, 2026

Supplier	Valencia Industrial Supply, Inc.
Invoice	VP-INV-260210
PO	MFS-PO-260201
Purpose	Internal reconciliation after receipt of credit memo and supporting records

Item	Supplier amount	Monterrey adjustment	Proposed treatment	Reason / support
Invoice balance after $8,000 payment and $1,500 credit	$20,000.00	Starting balance	Review	Supplier records reflect this balance.
Expedited delivery / handling	$500.00	($500.00)	Exclude pending support	No separate written authorization located.
Oil-filter shortage	4 units	($168.00)*	Credit for four units	4 × $42 PO unit price; receiving report records 96/100.
Inventory-management service	$1,875.00	($1,875.00)	Exclude pending service proof	Operations log records setup but incomplete reconciliation/service review.

ILLUSTRATIVE RECONCILIATION

$20,000.00 – $500.00 – $168.00 – $1,875.00 = $17,457.00

This worksheet therefore does not independently support the previously discussed approximately $11,000 position.

The $168.00 oil-filter figure is a mathematical application of the PO unit price ($42 × 4) and is not the $1,500 credit already issued.

Any additional reconciliation needed to reach a different proposed amount must be supported by separate records identifying the amount and contractual basis.

OPEN ITEMS

1. Determine whether the $500 delivery charge is contractually recoverable.
2. Determine whether the four-unit shortage warrants an additional $168 credit or is already encompassed by the $1,500 account adjustment.
3. Determine what portion, if any, of the $1,875 service charge is supported by completed services.
