Marcus - We are still trapped in the SLA backlog pool. State administrative delay means our retail permit dispatch is pushed deep into May or June. Just wanted to drop a line ensuring we are perfectly aligned that since our doors are legally dark and we are blocked from operating, our commercial rent clock hasn't initialized. Let me know if you need any auxiliary context.

[SYSTEM NOTE]: No outbound or reciprocal transmission logs matching a rejection or response from recipient address were detected between April 18, 2022 and May 1, 2022.
