Hi Hana Luxvita team,

Thank you for sending the updated timeline. I reviewed the floral proposal that was attached to the planning portal and I have concerns about it.

The package discussions we had in May included a fuller ceremony arch arrangement, white and blush garden roses, and floral details on the head table. The proposal I received yesterday instead lists a smaller greenery-focused arch and substantially fewer floral arrangements for the reception.

I understand that the final design may change based on availability and budget, but I did not approve a reduction in the scope of the floral design. Please confirm whether the proposal can be revised to reflect the floral plan we discussed.

I also noticed that the updated wedding-day timeline still shows the reception layout as pending client review, even though I sent my comments on July 22.

Please let me know what needs to be changed and whether Hana Luxvita can resolve these issues without an additional charge under my existing package.

Thank you,
Sophia Bennett
