Hi Sophia,

We followed up with Bloom & Sage regarding the blush garden roses and the remaining vendor timing information.

FLORAL CONFIRMATION
Bloom & Sage has confirmed that white garden roses are available for the October 17 wedding. The specific blush garden rose requested in the May planning discussion cannot be guaranteed for the October date. Bloom & Sage has reserved premium blush spray roses as the current substitute.

The florist confirmed that the ceremony arch, head-table treatment, and reception arrangements will otherwise follow the revised proposal sent July 31. If the blush garden rose becomes available closer to the event, Bloom & Sage will use it subject to availability and final confirmation.

CONSOLIDATED VENDOR TIMELINE
- Aug. 10 - Working wedding-day schedule updated with current vendor details.
- Aug. 24 - Final vendor timing confirmations targeted.
- Sept. 1 - Final planning meeting.
- Sept. 20 - Final venue walkthrough.
- Oct. 16 - Rehearsal coordination.
- Oct. 17 - Wedding-day coordination.

The photography, floral, and DJ providers remain independently responsible for their contracted services. Hana Luxvita will continue coordinating the information and incorporating confirmed vendor timing into the consolidated schedule.

We have also noted your request for one consolidated schedule rather than separate vendor updates. We will provide the updated working schedule on August 10 and the final vendor-confirmed version after the August 24 confirmation cycle.

Please let us know by August 7 if you want to discuss the floral substitution with Bloom & Sage directly. No additional Hana Luxvita coordination fee applies.

Best,
Hana Luxvita Planning Team
