Hi Sophia,

Thank you for today's final venue walkthrough. Below is the coordination record for the items reviewed at The Willow Creek Estate.

VENUE ACCESS
The venue confirmed access beginning at 11:30 AM on October 17. Bloom & Sage may begin installation at 12:00 PM. Rhythm & Beats may begin setup at 3:00 PM. Hana Luxvita will coordinate vendor arrival with the venue contact.

PHOTOGRAPHY / PORTRAITS
Hudson & Sage confirmed the 10:00 AM arrival. The 2:15 PM portrait period is confirmed for family and wedding-party photographs. The photographers will complete the agreed portrait list before the ceremony transition.

FLORAL DESIGN
Bloom & Sage provided the final design sheet. The ceremony arch, head-table florals, and 15 centerpieces are included. The final design uses premium blush spray roses because the requested blush garden rose remains unavailable. Sophia reviewed the design during the walkthrough and requested no further scope changes at this time.

RECEPTION / DJ
Rhythm & Beats confirmed the 3:00 PM setup window and 6:00 PM reception start. Sound-check will occur during setup subject to venue access.

HANA LUXVITA WEDDING-DAY ROLE
Hana Luxvita will maintain the master timeline, coordinate vendor arrivals, assist with the ceremony-to-reception transition, communicate with the venue and vendors, and serve as Sophia's primary planning contact on October 17.

REMAINING CLIENT ITEM
The current guest count remains subject to final confirmation. No other material planning item was identified during the walkthrough.

Next scheduled activity: October 16 rehearsal coordination.
Wedding day: October 17, 2026.

Best,
Hana Luxvita Planning Team
